

Colloquium

Institute for Regenerative Medicine (IREM) in collaboration with Wyss Translational Center Zurich (Wyss Zurich), Regenerative Medicine Technologies Platform

Interdisciplinary Colloquium Regenerative Medicine I

**Tuesday, 31st Oct. 2017 at 12:30 – 1:30 pm,
Kleiner Hörsaal OST,
University Hospital Zurich**

Prof. Heike A. Bischoff-Ferrari
Clinic for Geriatrics, University Hospital Zurich

Healthy Aging - how?

The presentation will discuss corner stones of the healthy ager phenotype and what research model could help "delay ageing" at a population level and thereby extend healthy life expectancy. Related to this goal, the presentation will give a short update on the largest European Study DO-HEALTH.

Organiser: Prof. Dr. Dr. Simon P. Hoerstrup

Execution/Chair: Dr. Steffen M. Zeisberger

IREM & Wyss Zurich, Univ. of Zurich and ETH Zurich
